 - 1 "Thank you Amai for the feedback. Can you please help me understand exactly what you do not like?"
 - 2 "Thank you Amai. These are good suggestions. I am hearing that it is important for Esther to explain that building a house will help her get veggie rings."
 - 3 "Thank you Amai, I hear you saying that it is important the donors see Precious smiling. Is that correct?"
 - 4 "Thank you Amai. Just so I understand, you do not like the way Headman Chimkule waves his arms around. Is this correct?"
 - 5 "If I remake this video, I worry we will not reach our goal to make 30 videos before December. We need 30 project videos ready so we can reach our fundraising goal."
 - 6 "Thank you Amai. You always have good ideas. I want to make sure I am understanding you correctly. As you know, sometimes we miscommunicate with each other. I really want to fix that. Can you please tell me again what you want me to change with this video?"
